## MARKET UPDATE

- The Nigerian All share was barely changed today- down only 4bps which is uncharacteristic considering oil prices are currently trading around \$70 per barrel. Perhaps, the cautious approach to this earnings season has put a dent on the positive sentiments that would typically have arisen from relatively high oil prices. Year-to-date, the index is up 8.40%.
- A total of 34 stocks gained points while 17 stocks lost points
- Structured/Cross Trades Zenith, Access, Nestle and UBA.
- Some more buying interests in Zenith bank today; up to N30 per share on \$4.9mn. UBA also towed the same direction as the stock rose to N11.95 per share following the release of its FY17 numbers late on Friday which were largely in line with consensus. Access (\$2.4mn) and Nestle (\$1.5mn) were the other counters through \$1mn on the day. Guaranty hit down to N45.30 today on only \$430k- could see some buying interests there tomorrow. GSK continues to rally- another 10% today on the back of the news of a special dividend of N7.50.
